

SAGA SAUNA HEATER

Kastor has been crafting wood-burning sauna heaters for more than 100 years. We know what it takes to create the most relaxing, pleasurable and healthful sauna experience imaginable. For instance, through our technological and engineering expertise we get the most heat from the least amount of wood. High-quality Kastor wood-burning sauna heaters are made in Finland. Kastor Saga takes the delights of wood-fired sauna bathing to indulgent new heights.

KASTOR

Saga

With capacities of 145 to 200 kg of exposed stones, Saga heaters provide wave after wave of the softest, most comfortable heat and steam that can be experienced. Its forged steel bars are made to last for years of flawless performance. The rugged style makes it a mesmerizing centerpiece for your sauna interior. Saga wood-burning sauna heaters are CE-marked and are now equipped with a 115 mm flue opening.

SAGA 22

SAGA 22 T
